**11<sup>th</sup> February 2023**

**A Report on Hands-On Workshop on “Data Structures using Python”**

A Technical Expert Session was conducted For B. Sc. IT students for Hands-On Workshop on “Data Structures using Python” on Friday, 10<sup>th</sup> February 2023 from 02.00 PM – 04.30 PM at 4<sup>th</sup> Floor Computer Lab B.

Prof. Ahtesham Shaikh, Started the session started with the introduction of Industry Expert, Mr. Aiman Kazi who is a corporate trainer associated with 7 MNC, specialized in providing training to corporate employees on Python, Java and C++.

The Expert Technical Sessions on the different topics of data structures covering the syllabus prescribed by the University of Mumbai was conducted and its application into real world problem solving. He also explained the various case studies and the techniques to use of different data structure through case studies based on various live project from current trending topics in IT industry.

Total 79 students participated in the workshop. Feedback from the students was very positive, they saw a great value in session with subject experts and the opportunity to network and to get an insight on the subject and explore innovative ideas in implementing the industry project which is a mandatory component in B. Sc. IT at the University Level. The programme ended with the vote of thanks by Prof. Ahtesham Shaikh.

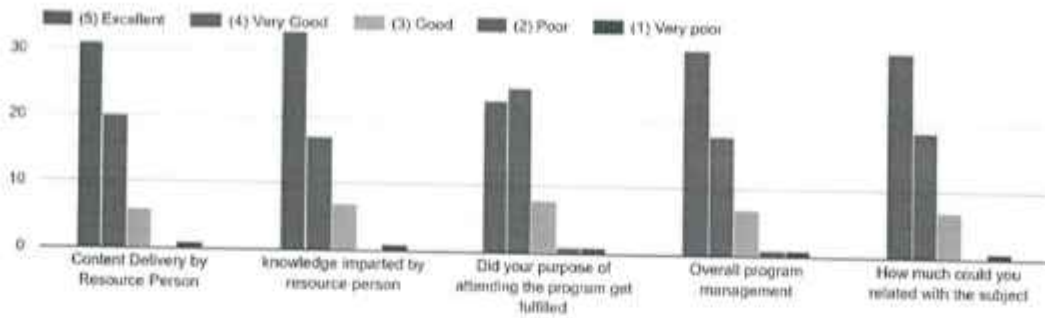

This was only possible because of consistent support by Principal Prof. (Dr.) Shaukat Ali who are always ready to provide all the possible support, guidance and mentoring at every step.

### Your Experience about the Session 58 responses

- Good
- Excellent
- Good
- Nice
- Excellent
- Good session
- Good experience
- Informative for me and understable
- I was learn many things about session
- Very nice
- It was good
- It was very very great
- Good.
- Very good
- It was really helpful, professor was really experienced and skilled.
- It was an excellent session
- It was good
- Excellent 👍😊
- It was very good attending this session
- Very good 👍
- Now I know which subject should I study
- Very good
- It was very good
- It's excellent
- It was a very knowledgable session
- The session was Excellent
- Best session ever
- My experience about this session is good kazi sir explained very well and I know many thing about career
- Awsome
- Session was good sir given us good knowledge about our feild
- It was very brilliant and helpful for our future
- The knowledge which given to us was different, and good
- It was very informative.
- Best
- My experience about this session was very good kazi sir explained very well
- Very good 👍
- It was excellent we need more informative session like this, thanks Ahmed kazi
- It was very informative
- Okay

It was nice session  
That's right way  
Very nice  
Got a clear view to learn python.

### What have you learnt from this session

A good programme learning  
Try to be consistent  
How to make money  
Best Suggestions.  
Basic of Information and technology like classification  
JavaScript  
C++,python,java  
Money is important  
Career planning  
Many things  
Good  
I have cleared my doubts

Javascript

I came to know more about the programming languages and which one should I pick. It was excellent  
Yes

Learn only 3 programming but master it

Knowledge increase

Consistent is key

How to make a carrier

Languages

I learnt about many careers opportunities related to computer languages

To make the carrier in IT Field

A good career guidance in programming field

Many coding languages and and what career we choose with that coding languages

New knowledge of it

New programming languages and from where we have to start

Many importance of programming language

About different languages, and something related to our field

Coding

About which career to pursue after graduation.

Nice

Sir explained about coding language and what career we choose with that coding language

I learned that Programing language is very important

It was informative and it made me realise that programming languages are important

Area of sector in it what to learn more about IT itself

How to start coding language

Learned about programming languages and how to pursue career in them

About career guidance

I have learn so much about languages and cameto know about many scopes in IT and others related to languages Thanks to Ahtesham Sir And professor KAZI

Programming

How to start learning

Important programming languages

Right way to students learning

Learn various things about career

Much more than any other sources in one session

Very helpful

It has enhanced the knowledge in different courses. But have given an idea to choose which one will be good for me.

**Subject: - Letter of Thanks**

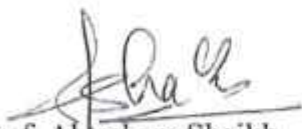

Respected Sir,

I take this opportunity to thank you for giving your precious time as a Resource Person at Hands-On Practical Workshop on “Data Structures using Python” for our B. Sc. (IT) students on **Friday, 10<sup>th</sup> February 2023**. The students were impressed especially by the practical exposure given by you. It helped them to get an insight view of the topic. You oriented the technical outlook and extended student’s vision about the topic. Also, you have always been helpful in every capacity to help our college students achieve their goals and make a difference in their lives.

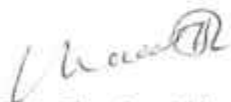

I also appreciate the profound affection you have for the students.

Thank you once again. Hoping your support will continue in the future also.

Yours sincerely,
