A Report on

Certificate Course in "Adv. Program in Java Full Stack Development using Angular"

IQAC and B. Sc. (IT) Department of our college organized a Certificate Course on "Adv. Program in Java Full Stack Development using Angular" for Final Year B. Sc. IT students on from 22nd December 2022 to 5th March 2023.

The Inaugural session started with the introduction about the college and need for value added certification courses along with the conventional courses by Prof. Ahtesham Shaikh.

Total 5 students enrolled for the course and successfully completed the course. The sessions were conducted by Subject Matter Experts from Anudip Foundation.

Feedback of the session came out very positive as the Participants gained proficiency in both front-end (Angular) and back-end (Java) development technologies. Completing a job-oriented certification program has also enhanced the student's employability in the IT industry as the employers often value certifications as evidence of a candidate's skills and dedication. This certification programs specifically emphasized the importance of ongoing learning and skill development in the final year students.

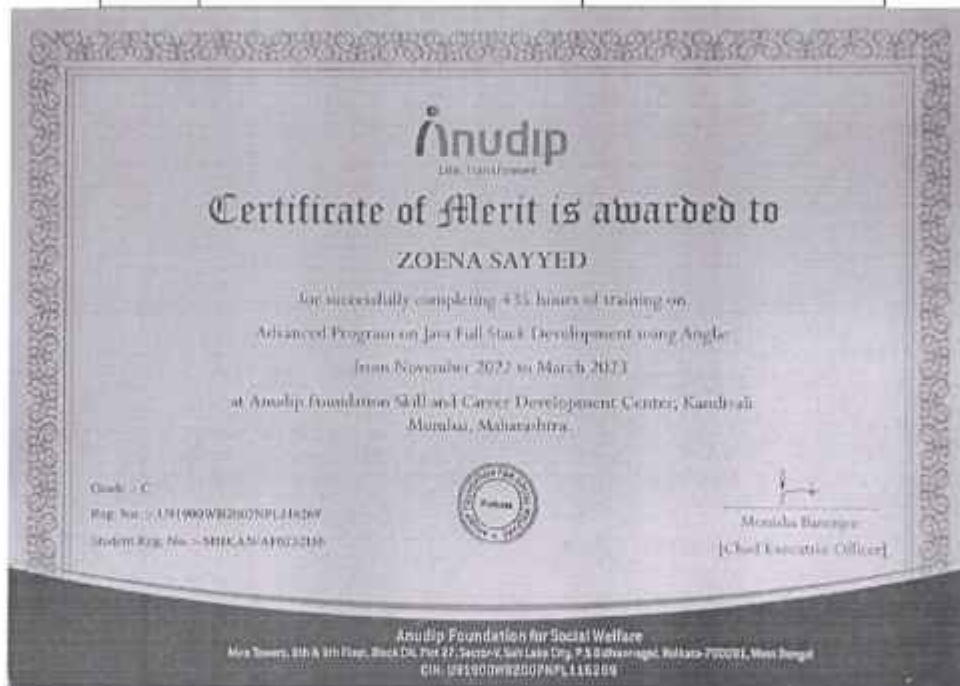

The program was a huge success and definitely will be a great help for the students in preparing for their professional career, as desired by the management Anjuman-I-Islam, the Principal and the entire stake holders.

This was only possible because of consistent support by Principal Prof. (Dr.) Shaukat Ali, who is always ready to provide all the possible support, guidance and mentoring at every step.
