Note: The placement of the students has not begun yet. They will be eligible for placement after completing the training. Will update regarding the placement as and when it will begin.

Some Screenshot from the session:

TOPIC 2: BUILDING COMMUNITY MINDED INDIVIDUALS

Case 1

Maitri society in Chembur is facing major problems due to the rising covid cases in the society. Residents are often violating covid norms - they roam without masks, invite relatives or friend for get-togethers. Even some patients who tested positive are not following quarantine and putting others at risk.

As a young and educated member, how can you help?
