PARENTS

The PTA meeting were conducted and they were asked to give feedback on following areas-

1. Effectiveness of college in sending notices & other information to parents –
2. Welfare programs run by college for students
3. Communicating academic performance of their kids & areas of improvement
4. Teachers availability and readiness to help parents
5. Effectiveness of PTA meeting
6. Challenges faced by kids or parents

Parents were satisfied with facilities and teachers' support for their kids. They appreciated for conducting such meetings and concern of college towards their students. They were happy with ERP system through which they receive messages from college for attendance of lectures of their kids daily basis. Most of parents express concern for physical & mental wellbeing of students due to unhealthy food habits, digital addiction and disturbed sleeping patterns. Keeping in mind above points college took following actions-

1. Lectures were conducted by inviting renowned dieticians and physical fitness trainer to highlight ill effects of junk food & lethargic lifestyle.
2. Number of sessions were conducted by counselors & psychiatrist to highlight significance of mental health & mechanism to cope up with stress & anxiety.
3. Special session was conducted to create awareness about ill effects of digital and drug addictions and how to save oneself from it.
4. Many sessions were conducted by cyber cell of Nagpada Police as well as by inviting IT professional to highlight Cyber frauds and how to safe on internet.
5. To develop sense of duty & responsibility as well as to sensitize towards social issues, lot of extension activities were conducted.
