International Advanced Faculty Development Program on Mechanics of Manuscript Drafting and Publication Process

(FDP-MDP 2023)

Course Work Certificate

This is to certify that **Dr. Rajesh Harichandra Bhoite, India** has successfully completed "International Advanced Faculty Development Program on Mechanics of Manuscript Drafting and Publication Process" Organized by: **Eudoxia Research Centre and Eudoxia Research University - USA** with the following topics and credit points as mentioned in the table.

Date: 18th September (Monday) to 26th September (Tuesday), 2023

SL/NO	Course Title	Topic	Credit
1	Selection of Research Topic and Mechanics of Manuscript Drafting	Process Selection of Research Topic for Research Degree and Research Project, Significance of Original and Review Research Manuscript, Flowchart of Research Manuscript Drafting, Research Gap, Research Question, Research Design for Manuscript Drafting, Different Formats of Manuscript Drafting, Time Bound Planning Process for Manuscript Drafting	2
2	Journal Selection Mechanism for Free Publication.	Selection Process of Peer Reviewed International Journals for Free Publication, Effective Journals for publication of Research Paper during Postdoctoral Research, Concept of Q1, Q2, Q3, Q4 Quartiles of SCOPUS Journals for Free Publication Process, Free Collection of SCOPUS, WOS, IEEE and UGC CARE List Journals Papers, SCIMAGO Ranking, Impact Factor Calculation, h-index, i-index, g-index, International Journal Publication Process.	2
3	Research Proposal Drafting Mechanism and Higher Studies after Postdoctoral Research	Mechanics of Research Proposal Drafting, Complete Flow Chart of Research Proposal for Postdoctoral Research, Letter of Recommendation (LOR), Need of Postdoctoral Research for Higher Research Degree, International Guidelines for Postdoctoral and Higher Research Degree	2
4	Minor and Major Research Project Proposal Drafting and Submission Process	Funding Agencies for Minor and Major Research Projects, Eligibility Criteria of the Principal Investigator for Major and Minor Research Projects, Different steps of Drafting Research Projects for International Funding Agencies, and Financial Budget Preparation during the Research Project Submission Process, Structure, Mechanism and Flowchart of Minor and Major Research Project.	2
5	Reference Management by Manual and Research Software Mendeley, Zotero	Need of Reference Management in Minor and Major Research Projects, Reference Arrangement by Using Manual Method Citation Styles: APA, MLA, Chicago, Turabian, IEEE, Vancouver, Harvard (Author-Date) style, Free Installation and Application Mendeley, Zotero for Reference Arrangement, Application of Plug-In, Editing with Reference Management Software, Collection of Free Research Papers by using Mendeley and Zotero, Use of Identifier in Reference Management Software	2

International Advanced Faculty Development Program on Mechanics of Manuscript Drafting and Publication Process

(FDP-QMR 2023)

Course Work Certificate

This is to certify that **Dr. Rajesh Harichandra Bhoite, India** has successfully completed "International Advanced Faculty Development Program on Research Designs for Qualitative, Quantitative and Mixed Methods of Research" Organized by: Eudoxia Research Centre and Eudoxia Research University - USA with the following topics and credit points as mentioned in the table.

Date: 03rd October (Tuesday) to 12th October (Thursday), 2023

SL/NO	Course Title	Topic	Credit
1	Fundamentals of Qualitative Research Design	Qualitative research is an exploratory approach to research that aims to understand the experiences, perspectives, and meanings of individuals or groups.	2
2	Qualitative Data Analysis and Interpretation.	Qualitative data analysis involves interpreting data that is non-numerical in nature, such as interview transcripts, field notes, and audio recordings. It is an iterative process that involves examining the data for patterns, themes, and relationships.	2
3	Basics of Quantitative Research Design	Quantitative research is a research approach that involves the use of numerical data and statistical analysis to investigate relationships between variables. It is often used in fields such as economics, psychology, and political science.	2
4	Quantitative Data Analysis and Application of SPSS	Data analysis in quantitative research involves the use of statistical techniques to analyze numerical data. This can include descriptive statistics, such as means and standard deviations, as well as inferential statistics, such as t-tests and ANOVA.	2
5	Research Manuscript Drafting and Publication Process	Effective manuscript drafting involves careful planning and organization of the manuscript, including developing a clear research question, conducting a thorough literature review, and outlining the structure of the manuscript.	2

Course Work Certificate

This is to certify that **Dr. Rajesh Harichandra Bhoite, India** has successfully completed "**International Workshop on Research Method and Methodology**" **Organized by: Eudoxia Research Centre and Eudoxia Research University - USA** with the following topics and credit points as mentioned in the table.

Date 17th October (Tuesday) to 21st October (Saturday), 2023

SL/NO	Course Title	Topic	Credit
1	Fundamentals of Research Methods and Methodologies	Clear and specific research question; Identifying the research gap; Research design; Selection of the best topic for research; Data collection methods and Validity and reliability.	2
2	Effective Original and Review Manuscript Drafting	Clear and concise writing; Strong introduction; Thorough literature review; Robust research methodology; Clear and concise results and Critical discussion and conclusion.	2
3	Mechanics of Free Journal Publication Process	High-quality research: The most important factor in getting published in a high-impact factor SCOPUS journal is the quality of the research. The research should be original, innovative, and address important research questions in the field. Understanding the scope and audience of the journal. Following the submission guidelines; Clear and concise writing; Proper data analysis and Responding to reviewer comments.	2
4	Quantitative Research Design and SPSS	Clear research question and objectives; Appropriate sampling methods; Valid and reliable measurement instruments; Data collection methods; Data analysis using SPSS: SPSS is commonly used statistical software for data analysis in quantitative research. It is important to have a good understanding of the software and its capabilities in order to effectively analyze the data. Reporting and interpreting results.	2
5	Qualitative Research Design and Application of NVivo, Max QDA	Society-based Research and objectives; Appropriate Qualitative sampling methods; Valid and reliable data collection methods; Data analysis using NVivo or Max QDA; Thorough data coding; Qualitative data analysis involves coding and categorizing data into themes and patterns. It is important to be thorough and systematic in the coding process to ensure that all relevant data is captured. Reporting and interpreting results.	2

Date: 17th August (Thursday) to 24th August (Thursday), 2023

SL/NO	Course Title	Topic	Credit
1	Fundamentals of Research Methods and Methodologies	A well-defined research question is a key aspect of any research project. It should be clear, specific, and feasible. A research question is the foundation of a research project, and it should guide the research design, methodology, and data collection process.	2
2	Effective Original and Review Manuscript Drafting	The manuscript should be written in a clear and concise manner, using appropriate language and grammar. This will help to ensure that the manuscript is easy to read and understand, and will increase its chances of being accepted for publication.	2
3	Mechanics of Free Journal Publication Process	The most important factor in getting published in a high-impact factor SCOPUS journal is the quality of the research. The research should be original, innovative, and address important research questions in the field.	2
4	Quantitative Research Design and SPSS	A well-defined research question and objectives are essential for designing and conducting a quantitative research study. This will help to guide the research design and data analysis.	2
5	Qualitative Research Design and Application of NVivo, Max QDA	A clear research question and objectives are essential for designing and conducting a qualitative research study. This will help to guide the research design and data analysis.	2
